Back by popular demand, the Drag Kings take over the stage at Oasis in D'Arcy Drollinger's *Star Trek Live!* Opening Thursday August 29th and running Thursday-Saturday through September 21st at Oasis, 298 11th Street @ Folsom.

Starring some of San Francisco's best comedic performers, this drag parody of the ground-breaking television classic will send up a fan-favorite episode of the original series, **"The Naked Time"**, in which a strange affliction effects the crew of the Enterprise causing them to act as though they are drunk, resulting in the lose of control of the ship. Featuring **Leigh Crow**, the world's only female William Shatner impersonator, as Captain Kirk. The cast also includes **Laurie Bushman** (Joe Tormolen), **Anne Norland** (*Spock*), **Ammo Eisu** (*Sulu*), **Zelda Koznofski** (*Bones*), **Carol Walker** (Riley), **Mercedes Munro** (Uhura), **Dene Larson** (Nurse Chapel). Costumes by **Ruby Vixen**. Set design by **Sarah Phykitt**, Lighting design by **Sophia Craven**. Directed by **D'Arcy Drollinger and Sailor Galaviz**.
